Associate Attorney Position

We seek an associate attorney to join our litigation firm. Our practice has three areas of focus: representing employees in class actions, representing businesses and others in commercial disputes, and representing individual employees bringing discrimination, harassment, and similar claims. Attorneys of any experience-level are welcome to apply. We are in downtown San Francisco.

The firm was formed in 2018 by Bill Jhaveri-Weeks, who previously was a partner at a plaintiff-side class action firm and a commercial litigator at a corporate firm. All of our lawyers learn to handle all aspects of the firm's practice. We strive to practice law at the highest level for our clients, and we bring a strong social justice commitment to our balance of work.

Please contact Mr. Jhaveri-Weeks to inquire: wjw@jhaveriweeks.com. Cover letters and résumés are welcome. We value collegiality and seek to build a diverse firm. The position will remain open until filled. More about our firm is available at www.jhaveriweeks.com.
